1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows to update application status:

-In the Amendment to specification filed 2/20/07:

Under "CROSS REFERENCE TO RELATED APPLICATION":

-Line 2: After "10/464,209", --, now abandoned, -- has been added.

-Line 3: "now pending" has been deleted.

2. The following is an examiner's statement of reasons for allowance:

In view of appeal brief filed 4/7/09 (see particularly, pages 9-13), claim 1 is allowed over the prior art. Applicant argued that "the sum of the mesopore and macropore volume" is equal to the difference between the total pore volume and the micropore volume as defined in the specification (see page 8, lines 25-30). Thus, as defined by the specification, mesoporous activated carbon particles requires a water filter having a blend of macropores, mesopores, and micropores. Cannon provides teaching regarding mesopore volume and micropore volume (see col. 8, lines 4-8; col. 9, lines 29-32); however, Cannon does not provide the teaching of macropores; hence, Cannon fails to teach that the sum of the mesopore and macropore volumes of filter particles is between about 0.2 mL/g and about 2 mL/g wherein mesopore means an intra-particle pore having a diameter between 2 nm and 50 nm, and macropore means an intra-particle pore having a diameter greater than 50 nm. Furthermore, Cannon does not teach that its water

filter having a Filter Bacteria Log Removal of greater than about 2 logs and a Filter Viruses Log Removal of greater than about 1 log. Dependent claims 2-6, 8-9, 12-15 and 17-20 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to JOHN KIM whose telephone number is (571)272-1142. The examiner can normally be reached on Monday-Friday 7 a.m. - 3:30 p.m..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vickie Kim can be reached on 571-272-0579. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
